Horizon Nursing
7950 S. Military Trail #105
Lake Worth, FL 33463

Marlene,

We wish we could put into the proper words what Horizon and your wonderful staff have meant to my parents, my brother and me through some very trying times.

Living out of state and not being able to be there for our parents as they fell ill was very difficult. Being able to call Horizon and have your staff be there at any hour to care for them and quickly become their extended family was amazingly comforting.

Once our father who had been gravely ill had been taken to the hospital it was imperative to have someone there for our mother that was suffering from Dementia.

It gave us great comfort that your staff (Gemelia, Cheryl, Francia and Venisa) made our mother feel so comfortable. She loved the woman that helped her and when your mother has dementia you never know how well she would be with anyone new; again she took an immediate liking to all of your people. It just goes to show the level of caring your staff has for their clients. You staff made their final days relaxed and care free.

You hope to never need home care for your family but if you ever do, there could be no better source than Horizon Nursing.

Thank you again,

Steve & Gary S
